## DESIGN GUIDE

### DESIGN YOUR OWN GARDEN BED

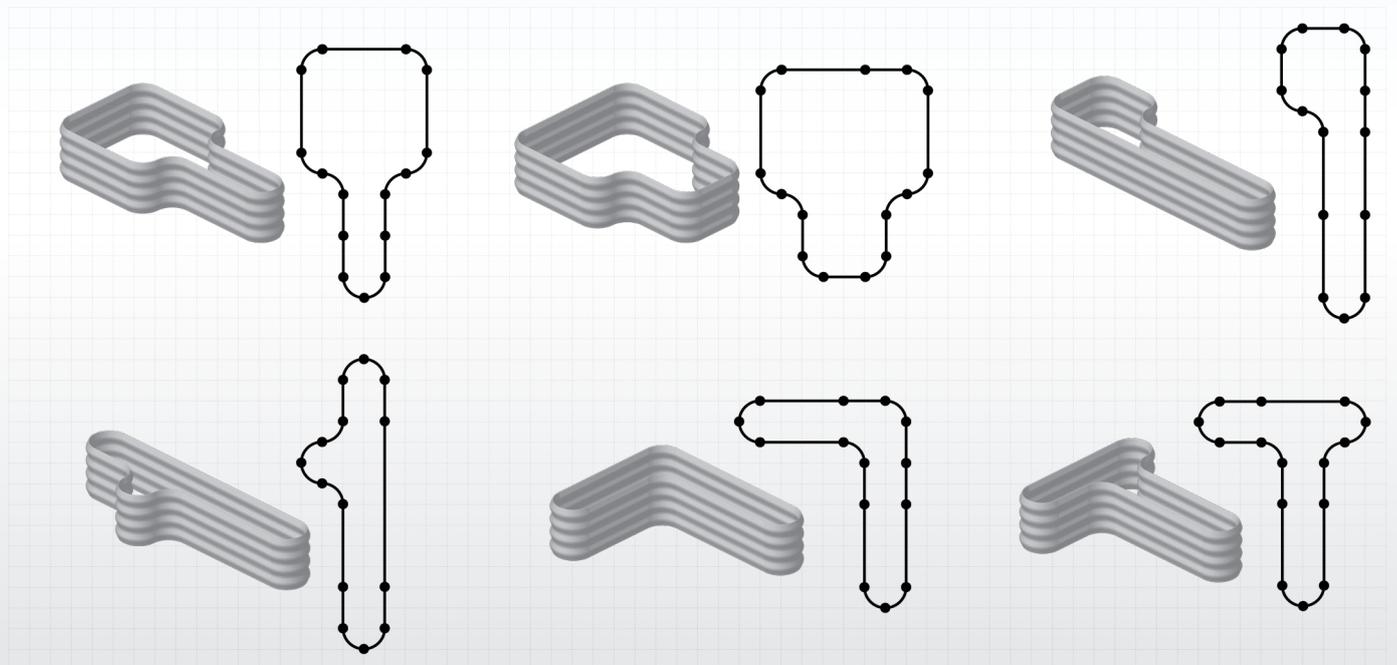

Assemble your own Corrugated Garden Bed using the following guide. These are only some of the infinite number of designs that can be created with the system. Ask a Stratco team member to guide you in calculating the correct number of kits to create your own personalised garden bed. Please note that there may be some remaining unused pieces after building some of these garden bed designs.

*NOTE: This document applies to the following product codes: **LG-39935** Corrugated Garden Bed Merino.  
**LG-39936** Corrugated Garden Bed Slate Grey.  
**LG-40241\*** Corrugated Garden Bed Double Height Slate Grey.  
\*equivalent to two single height garden bed kits*

## GARDEN BED DESIGN TOOL

Use the grid below to plan out your custom garden bed design. Use the scale (one square represents 170mm across) to calculate the dimensions of your garden bed. Ensure you draw the pieces to match the sizes displayed below. Contact a Stratco team member if you require help.

1 GARDEN BED KIT CONTAINS:

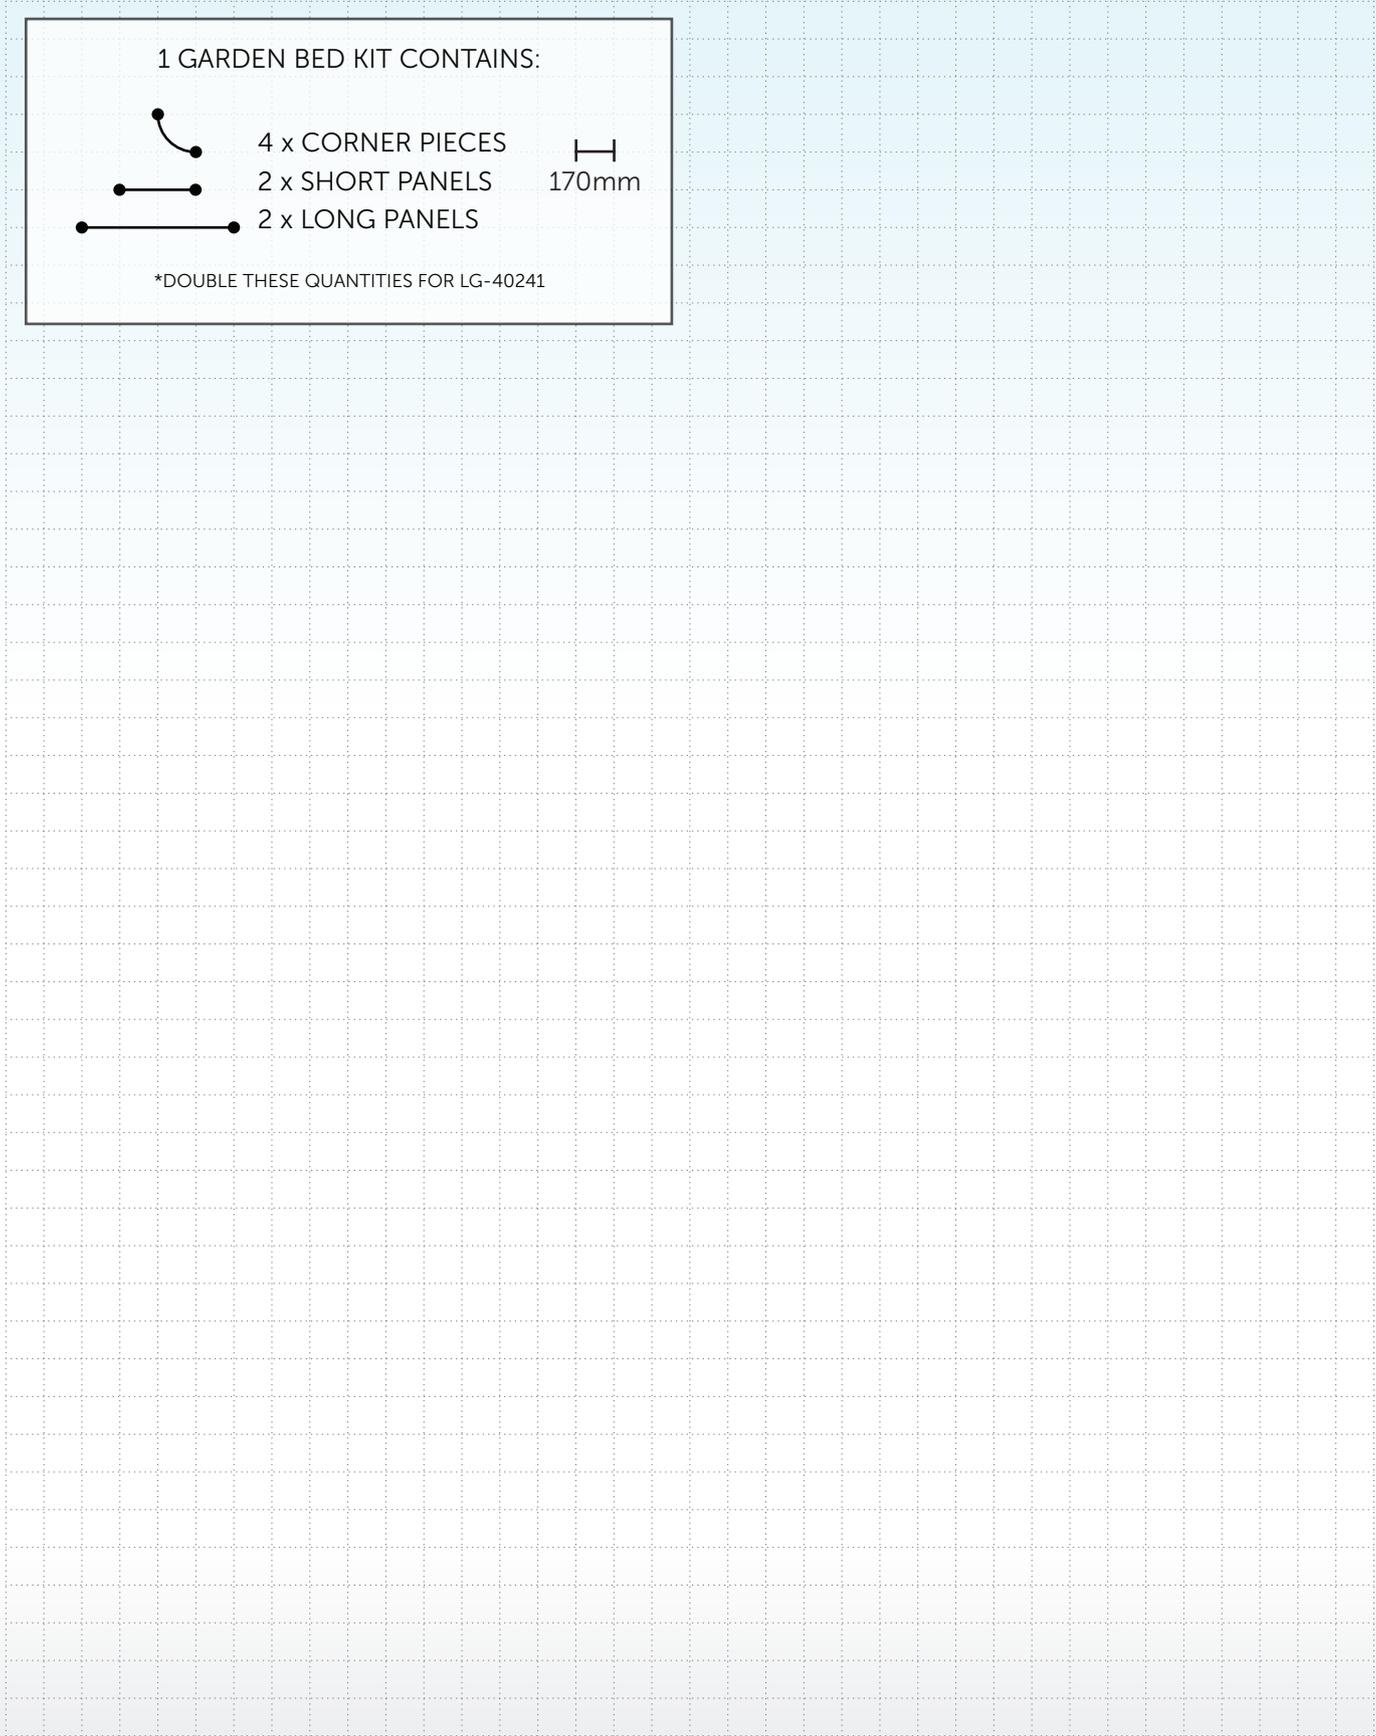

4 x CORNER PIECES

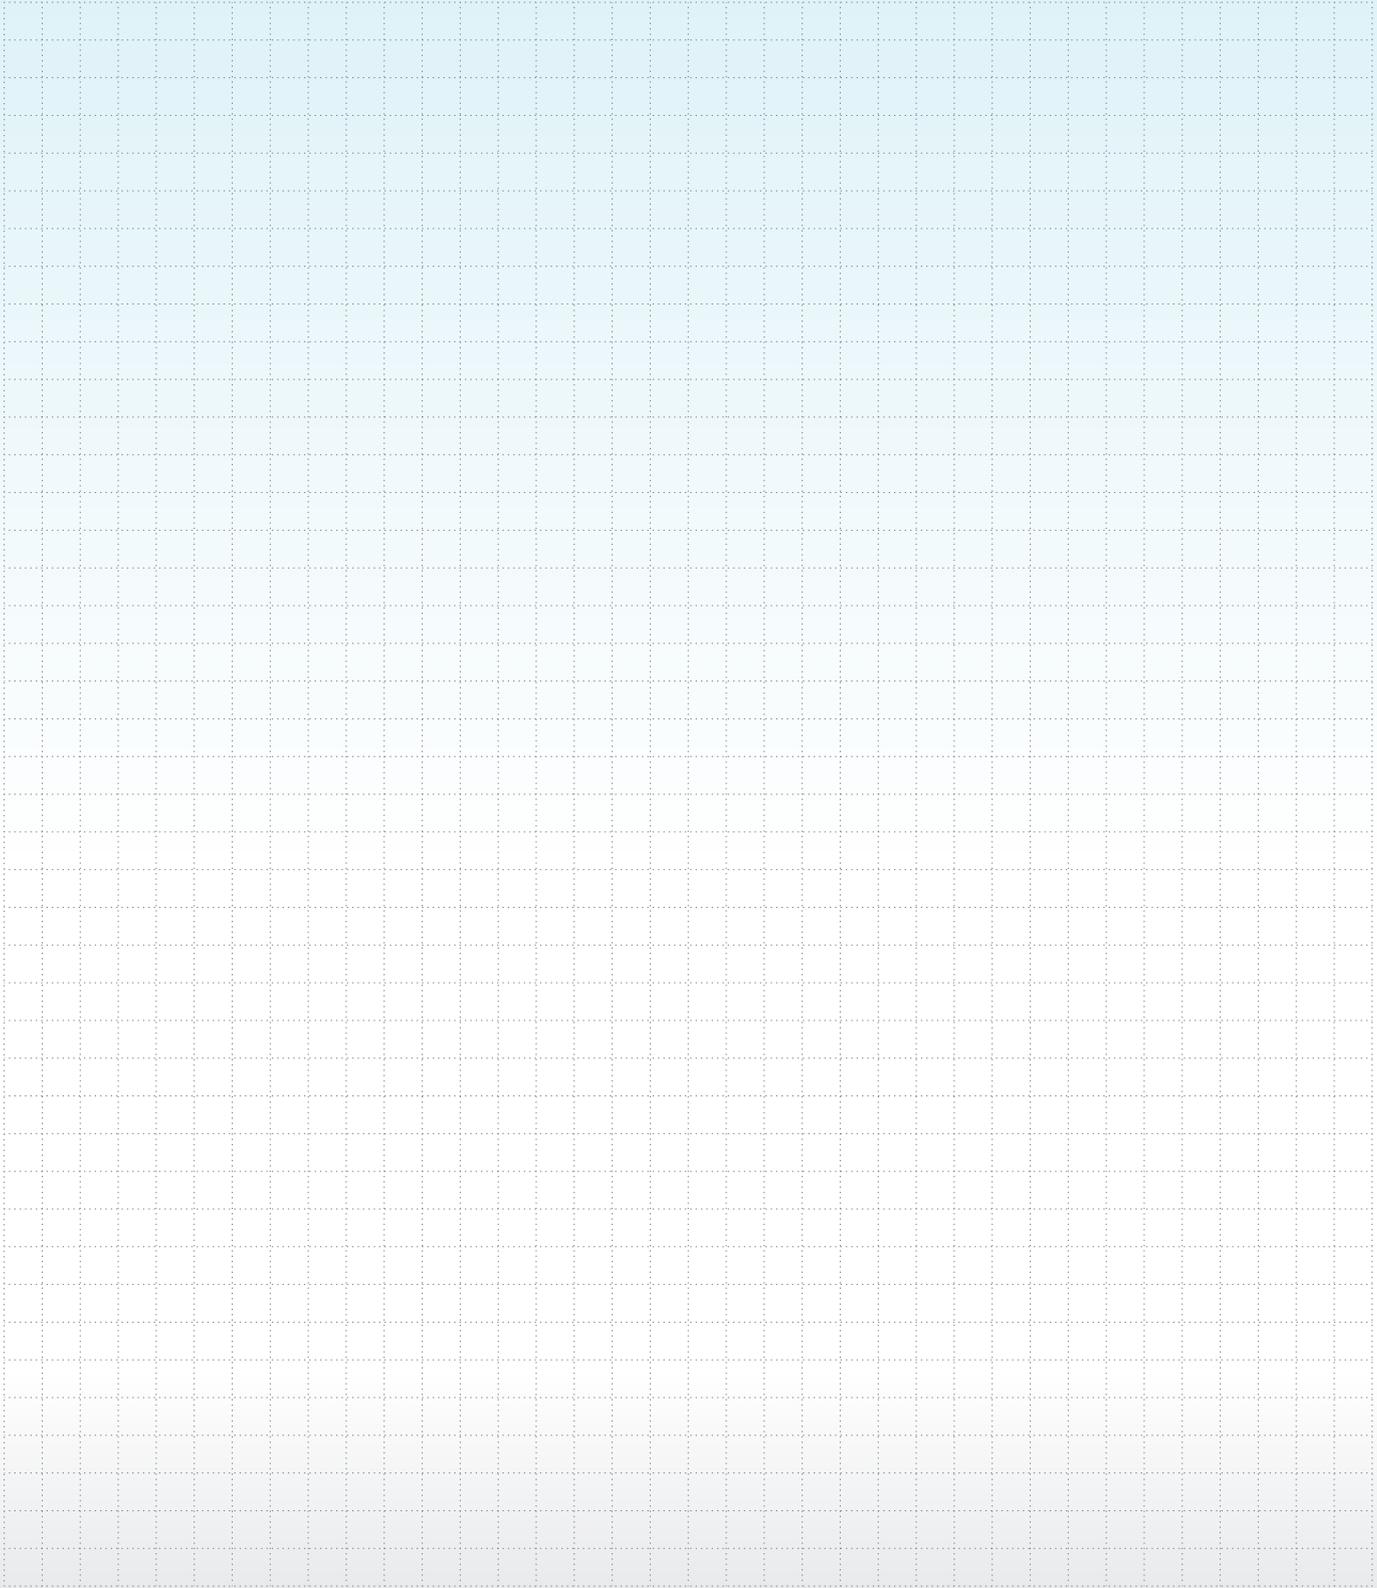

2 x SHORT PANELS

2 x LONG PANELS

170mm

\*DOUBLE THESE QUANTITIES FOR LG-40241
